

Production Maintenance Technician Night Shift (6pm-6am)

TDK is one of the world's largest producers of multi-layered chip capacitors, with facilities in five countries. TDK's advances in thin film technology and commitment to customer satisfaction have provided the fuel for this growth. Smaller case sizes, higher capacitance per unit area, and innovative packaging styles are all evidence of this commitment. Since 1986 TDK Components USA, Inc. has been distributing capacitors to customers in North and South America, and has recently started distribution to Europe. Many of our customers are in the automotive industry.

We are looking for an experienced production maintenance mechanic to support production by
